1972-2024

Monthly Notes from Tide Mill Yacht Basin

WINDBAG HIGHLIGHTS

Ah! Summer's almost here!

Please note the following:

Office Hours -
Mon-Fri 8am to 3:00pm.
(Please, *no house calls*).

Fuel Dock Hours -
Monday - Friday 8:30am—
2:00pm. Fuel service re-
quests must be made by
Wed. noon so we can ac-
commodate everyone.

**PLEASE—NO
COMINGLING
TRASH—all customers
are asked to use two re-
fuse bags aboard—one
for garbage and one for
recycling—thank you for
cooperating!!**

Please remind any outside contractors that will be working on your boat that a certificate of insurance must be on file with TMYB and that all workers must sign in and out of our office.

After hours, please use the "Boat Notes" pad located in the silver mailbox by the office door for your requests for service, comments, or...the other C word (complaints!).

Going somewhere? Please keep the office informed of your overnight itineraries so we may accommodate any emergencies that may arise.

Please respect your neighbors property (hoses!). Have too much stuff on your boat?

Extra coolers, rafts, kayaks, rods, skis etc. can not be left on the dock while you're out. This is really a safety hazard. If someone comes into the yard in distress, we want to keep the docks clear for ease of docking. Please put extra stuff back into your car. Your neighbors will appreciate it.

Extra complimentary I.D. Tags & Tide Charts are available in the office.

Please note that some people are overnighting on their boats at the dock. When entering the marina at night please avoid loud radios, yodeling, or engine revving so as to not disturb the dreamers!

BOWLINE

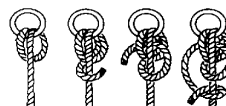

- To tie:
1. Make overhand loop with the end held toward you, then pass end through loop.
 2. Now pass end up behind the standing part, then down through loop again.
 3. Draw up tight.

KNOTS TO KNOW

ANCHOR BEND

- To tie:
1. Pass two loops through ring.
 2. Place free end around standing line.
 3. Place free end through loops.
 4. Complete by making half hitch.

"Take me fishing"

**SOUND FISHING
ADVENTURES: -**

Call Matt at the yard and arrange for a fun fishing adventure on your boat!
